

RMH-40-UV Glass Door Merchandisers

R-290 REFRIGERANT

Equipped with R-290 refrigerant, an eco-friendly alternative that meets the EPA's environmental impact regulations.

CARE FREE CONDENSER

The finless spiral condenser design prevents dust and dirt buildup allowing maximum long term efficiency.

ELECTRONIC CONTROL

The intelligent temperature control is programmed to ensure correct operation of the equipment and maintain products at an optimum temperature.

UV LIGHTING

Scientists have known for decades that broad spectrum UV-C light is highly effective at killing bacteria and viruses by destroying the molecular bonds that hold their DNA together. This conventional UV light is routinely used to decontaminate surgical equipment.

HOT GAS EVAPORATION

Hot gas heated drain pan for condensate evaporation that eliminates the need of floor drains or electric heaters.

LED LIGHTING

LED lighting lasts longer than fluorescent lighting, in reducing energy consumption, which generates minimal heat. All of this makes LED lighting great for the environment.

OPERATION TEMPERATURE

32°F - 36°F

Dimensions			Crated Dimensions			Shelves	HP	Voltage	NEMA config	Amps	Crated Weight

RMH-40-UV Glass Door Merchandisers

CABINET CONSTRUCTION

- High-density, CFC-Free, Polyurethane insulation
- Large Low-E double pane tempered thermal glass side panels
- Galvanized metal cabinet with powder coated painted surface
- Easy to clean pre-painted steel
- Self closing door
- Recessed pocket handle
- Comes with 2" heavy duty casters
- Bottle organizers included
- Adjustable shelving

OPERATING CONDITIONS

- The unit is best suited for an environment where temperatures remain below 95 F and humidity does not exceed 75%
- Areas with direct sunlight should be avoided.

REFRIGERATION

- Maintenance free condenser
- Automatic defrost cycle
- Hot gas heated pan for condensate evaporation
- R-290 refrigerant

OPTIONS

- 6" Stainless steel legs
- Custom Graphics

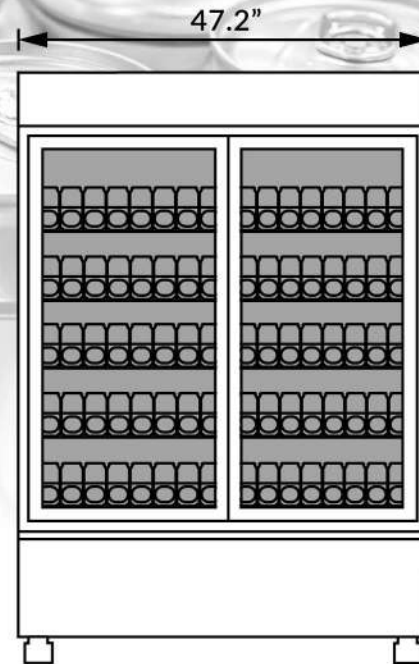

WARRANTY

- 3 year parts and labor warranty
- 5 year compressor

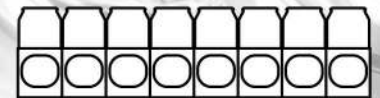

LIGHTING

- Vertical UV and LED lighting
